PES University Research Policy

Classification: internal

Owner: PES University (public website)

Source: https://research.pes.edu/wp-content/uploads/2019/09/PES_Research_Policy.pdf

Version: Retrieved 17 October 2026 · Paraphrased summary for the TraceFence demo, not an official PES document.

Demo note: published on the PES research site; marked internal here to demo faculty-only access.

1. Principles

Academic freedom within ethics, transparency on criteria and promotion, safe and retrievable research data, interdisciplinary work, and shared equipment across the university.

2. Integrity and misconduct

- Researchers must be honest and accurate, follow approved protocols and protect confidential data.
- All publications carry the PES University affiliation.
- Suspected misconduct goes to the Dean of Research, then the Vice-Chancellor, whose decision is final.

3. Intellectual property

- Inventions made with university resources must be disclosed and are owned by the university.
- Students, visiting faculty and industry staff using university resources sign the IP and copyright agreement.
- A 10% administrative overhead and patent costs are deducted from royalties before the inventors' share.

4. Internal grants

Scheme	Amount	Term
Initiating Research (new PhD faculty)	INR 2 lakh (+1 lakh possible)	24 months
CoE Research Project	Up to INR 60 lakh	3 years, +1 on review

IR funds cannot buy laptops, printers or outside consultancy.

5. Scholarships and stipends

- PhD scholarship from INR 27,000 a month for up to 4 years, 10% yearly increment on milestones.
- Research assistants from INR 15,000 a month; junior research fellows INR 6,000 to 12,000.
- Holders of other scholarships must give up the university award.

6. PhD milestones

Coursework in year 1, proposal defence in year 2, an indexed publication from year 2, and before submission two journal papers or one paper plus a patent.

7. Conflicts of interest

Any real or perceived conflict must be disclosed to the Dean of Research.
